INSPIRATION: *This concord wine has been at von Stiehl since the late 80s. It has undergone four label designs, and the juice has come from both Michigan and New York. The current (New York) version grew to be our second best seller in recent years. Made to taste like a fresh concord grape, Crimson Royale is the sister to Niagara wine. It will make a great gift for someone who doesn't like dry wines, and it works well after dinner with dessert cheeses.*
