

Naughty Girl

DESCRIPTION:

A full-bodied red with the flavors of fresh black raspberries. Layers of dark fruit and smooth tannins lead into a smooth and exquisite finish. A very versatile red. Bold black raspberry meets easy going Cabernet.

PRODUCTION METHOD:

Fermented on the skins in stainless steel tanks. Red wine is then blended with black raspberry wine and neutral grain spirits.

PAIRINGS:

Enjoy with roasted foods, grilled foods, robust cheeses, and sweet foods. Try making a reduction with this wine or add as part of 'the liquid' in a sauce recipe. Pour it into a big glass to accompany a big juicy blue cheeseburger.

Appellation: Yakima, Washington and NY

Residual Sweetness: 3.0%

PH (Acidity): 3.42

Alc. By Volume: 13.5%

Product UPC: 728284001215

INSPIRATION: *Most of us develop and mature with age; unfortunately, the real world forces us to be responsible. Naughty girl was named to bring us back to the days of living with fewer roles and rules; to just have fun! A long-term customer was in the habit of pouring our sweet Framboise into our Yakima Valley Cabernet Sauvignon. She brought it to the winemaker and said "Would you make this?" He did and now it is our best seller!*

Our Mission

To delight our guests by offering fine wine in crystal glassware. To produce a precisely balanced wine list with spotless equipment in a modern winemaking facility. To create unique spaces in a nationally recognized historic building including 150 year-old barrel-aging tunnels, a charming 45 year-old tasting room, relaxing top-story lounge, and a calming terrace overlooking Lake Michigan. To not take ourselves too seriously. To make guests want to return!
