

Cranberry Esprit

DESCRIPTION:

With an intense red color to match the full cranberry flavor, this crisp refreshing tart and tasty sparkling wine can complement those special holiday meals of turkey and ham, or try it as a palate cleanser.

PRODUCTION METHOD:

Cranberries are picked and hot-pressed to extract color and flavor. Juice is then fermented in stainless steel.

PAIRINGS:

Great for those special holiday meals of turkey or ham. Delicious as a dinner wine with poultry, veal, or pork, this wine is also the perfect cheese and cracker accompaniment.

INSPIRATION:

What was old, is new again! At von Stiehl Winery, we often find wines that fall into this category. Going back to our roots of 25 years ago, we made Cranberry Esprit. Now that we are able to do sparkling in house, we thought there is no better time to bring back a true treat from the past.

Serving Temperature: 40°F

Cellar Life: 1-2 years
